

Recommended minimum daily feeding amounts of Haylage Elite (based on average of 70% DM) when Haylage Elite is the SOLE forage source.

Horse Bodyweight	Amount of Hay (fresh weight) per day
200kg	4kg
300kg	6kg
400kg	8kg
500kg	10kg
600kg	12kg
700kg	14kg

****based on minimum forage intake of 1.4% bodyweight dry matter**

Make any changes in forage type gradually, over a period of at least 14 days.
